

BEEM - Android XMPP - Bug #339

java.lang.IllegalStateException: Not connected to server.

01/30/2011 11:58 AM - Anonymous

Status:	Feedback	Start date:	01/30/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	XMPP	Estimated time:	0.00 hour
Target version:		Locale:	
Affected version:	0.1.x		
Description			
<p>Hi, when I try to access my jabber account (hosted at im2.apinc.org with my own domain name) I get the following error in logcat during the authentication (and beam just crash on the device):</p>			
<pre>W/System.err(9951): java.lang.IllegalStateException: Not connected to server. inAsyncTask.java:57)
E/AndroidRuntime( 9951):      at android.os.AsyncTask$2.call(AsyncTask.java:185)
E/AndroidRuntime( 9951):      at java.util.concurrent.FutureTask$Sync.innerRun(FutureTask.java:3
05)
E/AndroidRuntime( 9951):      ... 4 more
I/Process ( 1999): Sending signal. PID: 9951 SIG: 3
I/dalvikvm( 9951): threadid=7: reacting to signal 3
I/dalvikvm( 9951): Wrote stack trace to '/data/anr/traces.txt'
```

What is strange is that if I use a wrong user/pass, it just tells me it cannot authenticate.

I am not Android 2.1 with last version of beem from Market (0.1.4).

Hi, I registered to answer:

The problem is not there with the last 0.1.5 beta :)

#2 - 04/20/2011 04:12 PM - Whatcha Computer

I am having this same problem with 0.1.5 from hg and from the source files. Is there a fix for this?
